

UMS in the Classroom: Connections Index

This index suggests curricular connections to UMS performances in the 2017-2018 season for each of the schools and colleges at U-M. For more information about each performance, including suggested contextual resources and discussion prompts, please visit ums.org.

These suggestions are not meant to be exhaustive; you may find your own connections tying a performance to your course content. Think beyond the content of a performance to consider how the form of a performance might relate to your area of teaching: What might the structures of an orchestra, jazz ensemble, or string quartet tell us about principles of business leadership? How do the musical building blocks of a symphony compare to the organic building blocks of a cell?

For department-specific recommendations for LSA and SMTD, please see individual “UMS in the Classroom” posts on ums.org.

See a performance that would be a good fit for your course? UMS offers \$15 Classroom Tickets for students and faculty to performances that are a course requirement. Email us at umsclasstickets@umich.edu to get started.
